The members of the French Senate and Chamher of Deputies held preparatory and merely formal sittings yesterday. The Republican Union subsequently had a meeting. M. Gambetts made a speech counseling united action, especially in view of the Ministerial question. The meeting adopted a resolution declaring We will only support a homogeneous Cabinet which is firmly resolved to administer the country in a thoroughly republic in sense, in conformity with the spirit of the Constitution and the will of the nation " Ex President Thiers and Jules Simon were not present, both objecting to the meeting. The London Pail Mail Ganette's Paris special of yesterday says that M. Dufaure insists that the Cabinet be formed exclusively from the party of the Left. There will be no President's message when the Assembly meets to day.

The address to the Spanish King has been drafted, and was read in the Congress yesterday. It declares, referring to Don Carlos, that obstinate and ambitious Prince has recrossed the Pyreness without obtaining any concession which might encourage renewed rebell on. The Chamrejoices that cordial relations exist with for eign powers, and hopes that the difficulties between Spain and the United States will be settied to the satisfaction of the two countries, which should march united in the path of progress and liberty. Congress ardently desires that an arrangement be made with the Holy See consistent with mutual rights. It believes the conclusion of peace in Spain will destroy the has hopes of the authors of the war of devastition and pillage in Cuba. Peace unites the King and people, who together will vanquish all future ob tacles.

The London Hour of yesterday estates that Lord Derby called on the Emma Mine Company to withdraw its suit against Hon. Robert scheeck, on the ground that the writ of arwas served while Mr. Schenck held the ofthe Company, in deference to Lord Derby, immediately withdrew the writ, and have sent a lett r to Mr. Schenck notifying him of the withdrawal. The Hour says Mr. Schenck's course in quitting England without taking leave of the quien is unprecedented. The Times of the same date says President Grant has returned to a custom as honorable to the United States as it agreeable to other countries in nominating R. H. Dana to succeed Mr. Schenck. An American Minister could bring no batter credentials than the literary reputation of Mr. Dana.

Information has been received from Kingston, Jamaica, to the effect that Birond Canul, the Haytian exile, with about fifty followers, consisting of similar exiles and Cuban sympathiz ets, left Kingston on the 26th of February by the British Royal mail steamer for Jacmel They intended on their arrival off that port, if certain agraed signals were made, to land, and if not to continue on to St. Thomas and then use the steamer Uruguay, formerly the Octavia, for a landing on the north side of Hayti. A calle dispatch received of a later date than the mail news, states that the exiles landed at Jac mel and were completely routed by Government forces. Several of the rebels were caught and shot, but the leaders with others escaped and took refuge in Dominican territory, intending to proceed to St. Thomas. Queen Victoria and Princess Beatrice yester-

day traversed London by way of the Thames Embankment, Queen Victoria street, Cornhill, Leadenball street and White Chapel, to open the new wing of the London Hospital in White Chapel road. A large body of troops acted as an escort, and immense and enthusiastic crowds of people lined the streets through which the royal party passed. A triumphal arch was erected, and many buildings were tastefully and profusely decorated Business at the Stock Exchange and Royal Exchange, which are nearly on the line of the route taken, was neglected for the time The residents of the east end of London observed the day as a complete holiday.

The London Standard's Vienna dispatch says: Horrible accounts of Turkish cruelties continue to arrive from Bosnia. Twelve hundred Turks attacked the Christian inhabitants of the town of Crupa last Sunday, murdering many and plundering the shops.

THE THEOLOGICAL SEMINARY.-Rev. Dr. Minnigerode, of Richmood, one of the clergymen who held the recent examinations at the Episcopal Theological Seminary, near this city, has addressed the following highly complimentary report to Bishop Johos, which we take from the Southern Churchman:

RICHMOND, March 3, 1876. Right Rev. and Dear our: I am requested by my colleagues to communicate to you the very satisfactory character of the late examinations at the Seminary. Ever since our appointment as examining chaplains here we noticed a grad-ual improvement in the preparation of the candidates, in consequence of which we were enabed gradually to raise the standard of proficieney. This was done most decidedly at the examdations held in February. Never before did we venture upon so extensive and thorough an examination in Hebrew, and never before did any class stand the trial more satisfactorily. It was the same with Apologetics. It was the heaviest examination ever given by us, and with the same gratifying result. Throughout all their examinations the candidates displayed an unwonted interest in their studies, and would of their own accord bring up questions and ask for turther information, showing an exruestness of purpose and an interest which gives evidence not only of the increased studiousness of the candidates, but also of the efficiency and healthy condition of the Seminary.

My dear Bi-hop, I take especial pleasure in

sending you the above brief report at this time, hist after the publication of your earnest appeal th behalf of the Seminary. That invaluable ineare, as much as now-may be more so. But I have no hesitation in saying, that never since I have known it, has it had greater claims upon the support and confidence of the diocese.

Yours faithfully, CHAS. MINNIGERODE. Rt. Rev. J. Johns, D. D., LL. D.

The Baltimore Gazette which has been ahead of all its morning cotemporaries in furnishing the latest developments in the Belkuap case says that Orville Grant, brother of the Presiden of the United States, has for the past eighteen months held the nominal position of "solicitor" for a Baltimore firm, and used his influence for a money consideration to secure to that house the "iuside track" on contracts.

The house alluded to is that of Thomas C. Basher and Wallace Stebbins, engineers and manufacturers of heating apparatus at 28light street, who acknowledge that he is regwarly on their pay roll at the rate of \$2,400

It was reported in Washington, last night,

that the British government, not knowing of Schenck's resignation, yesterday advised the United States government by cable that it could not again receive Mr. Schenck as the representative of this country. This act of the British government is said to be due to the her that it did not consider the conduct of Mr. Schenck honorable in pleading his embassadorial privileges in refusing to respond to the writ served upon him.

THE LATE ROBERT L. WOOD .- A committee of Alexandria Washington Lodge, No. 22, of Masons, consisting of Messrs. Geo. R. Hill, A G. Uhler, Henry Cook, Robert A. Adam, R. C. Lee, and John T. Henderson, proceeded to Washington this morning to receive the body of their late brother, Mr. R. L. Wood, who was killed by the railroad accident near Woodstock last Monday night. The body arrived in Washington via the Metrop'n. Branch of the B. & O. R. R. at ten o'clock, in charge of R. W. Burke, Worshipful Muster; E. B. Tapley, Senior Warden; and Samuel Rinker and D. H. Lemmon, members of Hunter Lodge, No. 135, of Ediuburg, Va. They, together with the Alexandria delegation, escorted the body to this city on the 11 o'clock train. A

large number of Masons and other citizens were at the depot and accompanied the remains to the undertaker's establishment of Mr. Wm. Demaine, where they were transferred to another coffin, and from thence they were taken this afternoon to the late residence of the deceased, on south Washington street. The injuries, which caused Mr. Wood's death, consist mainly of two wounds on the head, one of which is directly over the temple, and a severe one on the breast. His body was not mutilated or crushed. A meeting o Alexandria Washington Lodge is to be held to night to make arrangements for Mr. Wood's funeral. Mr. Wood had on his person, when killed, a Masonic jewel indicating his lodge, &c., by means of which his body was recognized and taken charge of by his Masonic brethren. Mrs. Wood was apprised of the death of

her husband, on her return from Washington, whither she had gone on a visit, as stated yesterday. She was immediately seized with an attack of palpitation of the heart, to which complaint she is subject, and still lies very ill at her residence. Two fires were reported since the last meet-The names of five gentlemen were proposed

for active membership, and were referred to the Election Committee. The following resolution was unanimously

adopted: Resolved, That the thanks of this company are due and are hereby tendered to the ladies and gentlemen who so kindly aided us by furnishing flowers and other decorations for our apparatus on the 221 ultimo. Also, to our follow-citizens who so liberally came to our as sistance in pecuniary marters.

PERSONAL.-The article in yesterday's Gazette in reference to Messrs. E. E. White and W. N. Berkley, respectively Collector of Internal Revenue and Postmaster of this city, was taken, as stated, from the Sumner Tribune, but it was not stated that that paper is edited and published by colored men at Culpeper Court House. Barring their abominable polities, the two gentlemen alluded to are retiring and respectable citizens, who are entitled to, and receive, the esteem and confidence of the community in which they reside-the more so, probably, because though Radicals and consistent members of their party, they have not resorted to the low, demagogical art of associating with the negroes, who compose almost the entire strength of that party, in order to secure and hold their positions, and have not deemed it necessary to turn out capable white subordinates and replace them with incompetent negroes in order to prove their loyalty to radicalism.

RENTING OF FISH BENCHES. - A portion of the fish benches in the market were rented this morning, and brought as follows:

Some complaint baving been made of the renting of benches, by the day or month, it was announced this morning, that hereafter no beach will be rented except by the year. The recting of the butchers stalls and vegetable stands will probably take place next Wednesday. The prices obtained this morning are regarded as quite high.

FROM WASHINGTON.

CONGRESS.

SENATE. WASHINGTON, D. C., March 8 .- In the Senate, Mr. Morrill called up the resolution directing verbatim reports in the Record, and hoped that a speedy report would be made thereon. Mr. Wright introduced a resolution for the

adjournment of Congress on the 1st of May next, which was referred to the Committee on Appropriations.

The Pinchback case coming up, Mr. Ed munds' amendment declaring that Pinchback is not entitled to a seat as -Senator from Louisiana, was adopted by a vote of thirty-two to twenty nine, and immediately thereafter went

into executive session. HOUSE OF REPRESENTATIVES.

The House of Representatives, soon after the reading of the Journal, took up the civil and legislative bill.

Mr. Randall, of Pennsylvania, explained that the committee's reports would save between eight and nine millions in a few items only. One million would be saved by the transfer of the Indian Bureau from the Interior to the War Department. A considerable sum would he saved by paying pensions direct from the Treasury.

The bill was, after a short discussion, laid

Mr. Whitthorne, of Tennessee, chairman of the Committee on the Expenditures of the Navy Department, said that there had been no special investigation of the doings of Mr. Purman. The Committee had presented the examination of the subjects given to their charge

by the House. The name of the gentleman from Florida (Purman) was found in some of the papers. The Committee did not make the evidence public. It was obtained by the newspapers from the witnesses themselves.

At the close of the morning hour, Mr. Wm. P. Purman, of Fiorida, rose to a question of privilege, and said that there had been charges made against him in relation to malfeasance in contracts of the Navy Department. He commented on the fact that the Committee had secretly investigated the matter without notifying him. He demanded a committee of investigation. He never knew of the charges until he saw them in the public press. The matter was referred to the special committee.

At this point an extraordinary scene occurred in the House. A. B. Wollf, clerk of S. P. Brown & Co., who had been brought to the bar of the House, and occupied a chair in front of the Speaker's stand, fell to the floor dead, it was at first supposed, but it was soon- manifest that he had fallen in a fit. Admirable order was preserved. The members all took their seats at the call of the Chair, and the man lay stretched at full length in the area in front of the Speaker-with little movement that could be seen by the many thousand eyes that were rivetted upon him.

The Speaker-If there is a physician in the galleries will he come upon the floor of the House.

Hon. Mr. Wallace, a physician, was at that time beside the man. A motion was made that he be removed to

an adjoining room. A member-The physicians will do what is peeded.

After the usual means of restoration, the man began to show signs of spasms, and was lifted by several members of Congress to a room out of sight. Mr. Whitthorne explained that Wollf was

here for the purpose of being discharged from the custody of the Sergeat-at-Arms, as he had answered all the questions of the Committee. He had been kept at the Metropolitan Hotel all night, and this morning showed signs of palpitation of the beart. The resolution of discharge was agreed to.

Mr. Knott, from the Judiciary Committee, reported that the articles of impeachment against Belknap had been prepared, but that inasmuch as Marsh had fled the country, and as other witnesses could be obtained to testify as to this and other charges, therefore the report be recommitted to the committee with instructions to send for persons and papers.

He also reported in the same connection two bills, one to protect witnesses from prosecution and one making it a penal offence, punishable by fine and imprisonment, for a witness to go out of the country, or being out to remain absent when required, the object be ing to get Marsh back. Mr. Knott addressed the House, advocating the adoption of the report of the Communitee, and the passage of the bills, in order to facilitate the investigations new going on. Mr. K. was followed by Mr. Lynd.

The House, after much fillibustering, including two calls, continued to discuss the report, Blaine, Laurance and Kasson attacking the committee for permitting Marsh to es-

The report was finally adopted.

feb 24-td* REAL ESTATE IN ALEXANDRIA CITY AND COUNTY FOR SALE. The undersigned, is accordance with the provisions of the will of Robert H. Miller, offer for sale the following pieces of property, in the city and county of Alexandria, in the State of Vir-

First: The large, well built and convenient THREE-STORY BRICK DWELLING, known as No. 77 Washington street, situate on the east side of said street, between Queen and Princess. This house is supplied with all the modern conveniences, including gas and water, a first rate kitchen range, a steam heating apparatus of Gould's patent, &c., &c. The lot on which it stands fronts 160 feet on Washington street, and runs through the square to St Asaph street, and contains about 38,000 square eet, or nearly one acre of land, and is in beautiful order. It contains a variety of choice fruit trees—pear, apple, quince and cherry, a fine English walnut tree in full bearing, a good collection of small fruits, strawberries, raspberries, currants and gooseberries, good asparagus beds and a large number of fine rose bushes and other shrubs and plants. A more desirable residence than this is not to be found in the city. Second: A LOT on the west side of Washington street, between Duke and Wolfe, fronting 50 feet on Washington street and running back

113 feet to an alley 11 feet wide.

Third: A LOT OF LAND fronting 52 ft. 32 inches on the east side of Water street and running through the square to Union street, of uniform width, and of a depth of 300 feet. This lot can be divided into four lots of equal size, two fronting on Union street and two on Water st.,

Fourth: A WATER LOT at the northeast corner of Union and Queen streets, fronting 67 feet 7 inches on Union street and running into the Potomac river of the same width to the Port Warden's line, having the advantage of dock room of 33 feet, being the north half of Queen st. Fifth: A LOT situate on the east side of Union street between Prince and Duke, fronting 3: feet on Union street and running of that width into the Potomac. This lot has a wharf front of 38 feet, and has on it two large and commodious WAREHOUSES—one front. ing on the Strand, formerly occupied by B H. Lambert, and one on Union street, occupied by R. M. Lawson. The warehouse fronting on the Strand and the whart privilege and wharf will be sold together, and the warehouse fronting on

Union street by itself.
Sixth: A LOT OF GROUND, near the Stone Bridge on the south side of Duke street, having a front on said street of 476 feet and running back to the Alexandria and Fredericksburg Railroad, containing about 31 acres. This lot contains a never-lailing spring of good water, and is bounded by the west bank of Hoff's run, with the privilege of using its water.

Seventh: A TRACT OF LAND in Alexandria county, near to but outside of the city limits, containing 13 or 14 acres. The east line of this lot, 1000 feet long, binds on the Alexandria Canal, and the Alexandria and Washington Railroad and turnpike bound it on the west. This tract being in one compact body, offers singular advantages for a large manufacturing establishment, and being beyond the city limits it is exempt from city taxation. It is believed that there is a very large quantity of excellent clay for making bricks in this land, and the railroad and canal on either side of it would offer a cheap and easy means of conveying them

to a market. All of the above described property remaining unsold on the 28th OF MARCH will be sold by public auction, by Messrs. Green & Wise, at 12 o'clock m, in front of the Massion House Hotel. Should lot No. 1 not be soid privately, it
